A resident raised concerns regarding the road safety on West Leys Road where construction is underway and the amount of mud on the road. It was pointed out that this was a police matter.									
2478	6.	Ward Councillor Report: Ward Councillor Abraham informed the council she had received a compliant regarding speeding. Information that Julie had received confirmed that all the surveys in the village are still classed as current except for the one for Kemp Road which did show a relatively high level of speeding, though not significant enough for enforcement action by Police. The other locations did not indicate a problem with high levels of speeding. Julie also said that the parish council may wish to take up ERYC's offer of a refreshed speed survey for Kemp Road but recommend that we wait until the spring when the weather is better. Julie also informed the council of a new process Planning Permission in Principle which will speed up the process of outline planning applications to be approved. Further details will be available later this year.
